### **Ancestral Grace: Meeting God in Our Human Story** By Diarmuid O'Murchu

*"Ancestral Grace* is Diarmuid O'Murchu's masterpiece. It's the story of the human race and God's unfailing presence. It expands our understanding of our past so we can meet the challenges of the present with the grace of God that never fails."

-Michael Leach, Publisher Emeritus, Orbis Books.

#### About this book:

*We need to reclaim our deep ancient wisdom whereby we comprehend and appropriate afresh the interdependence of all life forces, including death. We belong to the web of life; we don't own it, less so control it. It is not a commodity for our usufruct and domination; it is a dynamic process upon which we depend for existence, meaning, flourishing, achievement, and dying. And it is absolutely imperative that we do die when we have made our contribution to the evolving process of creation. – O'Murchu*
